The tiny building from the beginning of the 18th century, located in the heart of the city center, houses the largest tea collection in the city.

Het Kleinste Huis was founded in 2014 and has since grown into a renowned tea specialist.

With love and attention to product, quality and customer, we have created our collection with (organic) teas, from all over the world.

In addition, Het Kleinste Huis stocks a fine collection of herbs and spices and delicacies from Amsterdam.

Why don't you send a T-mail instead of e-mail?

T-Mail is our collection of postcards filled with tea.

An original way to surprise someone or to let them know that you are thinking of them.

The resealable envelopes are designed as postcards and can be sent by post.

The tea cards contain 8 grams of tea and a tea filter, so the recipient can make a nice pot of tea right away.

T-Mail can be designed entirely according to your wishes. Both the image and the message can be customised, which makes your Festive greeting even more personal.

Like the Christmas cards, the packaging of this Christmas tea can be customised.

Due to its zip lock the packaging is resealable so that the tea has a long shelf life and can be enjoyed long after Christmas.
